

NEW Mitavite Commercial

The new mini bulk delivery and storage system that is setting new standards in feed room management

An environmentally friendly, innovative, equine only feed delivery and storage system using the GrainKeg™.

An ideal option for trainers, studs, spelling, breaking and agistment properties, or for all commercial equine businesses where large numbers of horses are managed.

- Holds up to 850kgs of Mitavite Commercial feed
- Saves on storage space and handling
- No bag disposal problems
- Weatherproof
- Rodent and insect proof
- Easy to use – no bags to lift
- Makes measuring feed a breeze
- Save on feed costs
- Easy ordering system

Danny O'Brien

"I was impressed with the Mitavite Commercial GrainKeg delivery system when I first saw it and since I started using it our feed room management has been simplified considerably, virtually eliminating bag lifting and reducing the amount of rubbish we have to deal with. I like the fact that they can stay outside if need be and regular deliveries mean the feed is always fresh.

I use Mitavite Formula 3 Commercial custom mix for my horses and find that they eat up, recover well after fast work and most importantly our race day results have been excellent."

Now available in most regions of Victoria, South Australia, NSW and South East Queensland.

Premium Nutrition – Always Pays Dividends
